Hi Donald,
I am excited to hear about this! You may remember me as the planner who established the Westchester and Loyola Village CDOs. I am now the Senior Planner for the West/South LA Project Planning unit. Once again, this is great to hear.
Regards,
Debbie

In addition, two City Planning Department on-line systems can provide a variety of information – Zoning Information and Map Access Systems (ZIMAS) and Planning Case Tracking System (PCTS). ZIMAS provides a property’s zoning designation, potential hazard zones, County Assessor’s data, and economic development incentives among other information. It can be accessed at zimas.lacity.org. PCTS provides a summary of information regarding cases that were submitted to the Planning Department and can be accessed at plncts.lacity.org/cts_internet/
